NEW SCHEDULED SERVICES TO PARIS CHARLES DE GAULLE AND STUTTGART

As from next April, Air Malta will be introducing two new routes to its extensive European network. **Paris Charles de Gaulle** 4 times weekly service will compliment the airline's daily service to Paris Orly. With the new Paris service Air Malta is ensuring that it is offering the most convenient schedule to the Maltese islands from both the Paris inner city area and also from the Parisian suburban areas known as Île de France, with a potential market of over 10.5 million people.

Stuttgart will increase Air Malta's German scheduled routes to 7, and will be complimenting the existing scheduled services to Berlin, Düsseldorf, Frankfurt, Hamburg, Leipzig and Munich. Air Malta is the only airline operating to Malta with the most extensive schedule from Germany. It is further enhanced with the airline's close cooperation with Lufthansa offering code-share services beyond the hubs of Frankfurt and Munich and the earning of Flypass KMiles on all Lufthansa schedule operated services.

To celebrate these new services Air Malta will be offering **Double KMiles** on these two routes throughout the Summer 2009 season.
